I had the pleasure of working with Ufuk, and I can confidently say he is one of the most hands-on professionals I've met. Consistently taking initiative and ownership of his work. Extremely talented, Ufuk brings both creativity and precision to every task. What sets him apart is his determination, if he encounters something new, he will learn it quickly and master it to deliver results. Truly an incredible person and a valuable asset to any team.

Ufuk transformed our team's working process significantly with various management tools he adapted when he first joined us. He proved his teamwork and creative skills by taking initiative in our meetings and projects. He can work on his own just as excellent as in a team. He also showcased his technical skills by building our team's website. He is a driven and multi-talented person who never stops improving himself. I look forward to working with him in the future.

I've been working with Ufuk in SDG Student Hub as co-member of executive board, for over a year. He is the best problem-solver I've ever met. He is one of the most organized people I know.
